Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on IL 76 north of Belvidere will begin on Monday, May 4, 2015. William Charles Construction Company is starting the project to improve the 15 miles of IL 76 from Belvidere to the Wisconsin State Line.

The project involves milling off sections of the existing bituminous overlay, making pavement repairs, and resurfacing the roadway. The bituminous shoulders will also be resurfaced. The \$3.9 million project is scheduled to be completed by late August.

Traffic will be restricted to one lane during construction operations and controlled by flaggers. Drivers should be prepared to stop for the flaggers and should be alert for slow moving construction vehicles.

Please slow down and use extreme caution while driving through all work zones.
